Nevada City Nugget

COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. IX, No. 86. The County Seat Paper NEVADA CITY, CALIFORNIA The GOLD Center FRIDAY, SEPTEMBER 6, 1935.

The Nevada City Nugget helps your city and county to grow in population and prosperity. By subscribing to, and advertising in the Nugget, therefore, you help yourself.

Thinking Out Loud

(By H. M. L.)

California not only leads all states in the production of gold according to the U. S. Bureau of Mines report, just issued, but leads its nearest rival state, South Dakota, by more than 200,000 ounces. The 1934 record of California was 719,063 ounces, as compared with South Dakota's production of 486,118 ounces. In 1933, California produced 613,578 ounces and South Dakota 512,403. South Dakota's productin shows a decline in 1934. The teritory of Alaska has stepped into second place among United States possessions with a production of 537,281 ounces. The Phillippine islands last year produced 332,974, which is a little more than Colorado's record. California, it seems, is still well entitled to call itself the Golden State, and Nevada County is still the chief prop to the throne and title.

While Mussolini is busy with the Lion of Judah, it is very likely that Hitler will seize the opportunity of establishing, or attempting to establish a dictatorship over and union with Austria. Yugo-Slavia and Czecho-Slovakia will undoubtedly fight this menace to their liberties, along side such Italian allies as can be mustered. France undoubtedly would be drawn into this voretx of war, in support of the Little Entente. Apparently Great Britain does not place much reliance in Mussolini's assurance that British interests are not menaced by Mussolini's pending drive on Ethiopia, and there is a probability that England will attempt to close the Suez Canal and thus balk Italy's adventure. As one writer expresses it: 'Italy lights the fuse." Whether the fuse fizzles or reaches tse magazine and causes another huge world explosion, is in the lap of the gods. Pray God the United States has learned its lesson and stays out of the fight.

American and other communists, gathered a short time ago at Moscow, who advocated supporting Roosevelt and his administration, may, or may not have uttered commendations of the Roosevelt administration, from the long-view aspect of communistic aspirations, with malice. Like the commendation of William Randolph Hearst, which frequently destroys politically the commended, the communists in Moscow assembled may have been wicked enough to wish to destroy the Roosevelt administration with their praise. The sharp note sent by Secretary Hull, warning the Soviet government of "most serious consequences' unless the seat of communism "take immediate steps to stop communistic interference with interenal affairs in this country," indicates that the Roosevelt administration resents Bolshevik acclaim, in other words, takes the matter seriously. If the President takes the matter seriously, the people should also.

When all is said and done the communistic commendation was rather faint. The delegates voiced their preference for Roosevelt as a stop gap. They preferred the Roosevelt administration to an Old Guard Republican, or Bourbon Democratic return. The communists believed their chances for growth and gaining numerical strength in this country were better under the Roosevelt regime than under a more reactionary administration. What they count on, undoubtedly is that ultimately the policies of the Roosevelt regime will fail, and that, stirring in the hellbroth of national discontent, the communists in this country will be advantaged.

As regards the "most serious consequences" we can imagine nothing more serious ensuing than a severance of diplomatic relations, and don't think that would entail any serious consequences. This country did very well without commercial or diplomatoc relations with Russia for a matter of fifteen years. The overnight decision of the Roosevelt administration to restore diplomatic relations has brought this country very little increase in commerce and an enormous increase in embarrassment. And no one in the country is more embarrassed than the President.

CHANGE IN AUTO FEES

Beginning January 1, 1936, California motorists will pay $1.75 for each $100 market value of their vehicles. This will be known as a vehicle license fee and will be paid in lieu of personal property tax. The usual registration fee of $3 for pleasure cars also will be charged.

San Juan Battles To Retain Highway Crew

North San Juan and the San Juan Ridge Improvement League are protesting the removal of the state highway crew from North San Juan to Downieville. The "road of a thousand curves", now generally known as the "Mae West Road" in the winter time, it is the contention of Ridge folks, needs special care in both directions from North San Juan. A slide this side of North San Juan, and the crew would have to come all the way from Downieville to repair it.

A letter of protest has been sent to the highway headquarters at Marysville, and a delegation consisting of Mrs. George Uhrig, William Clerkins and Mr. and Mrs. Braithwaite have been appointed to protest in person against the proposed change. Several of the crew, including William Cunningham, the foreman, have established their homes in North San Juan, on the assumption that this stragetic point of highway maintenance, would never be abandoned.

Thirty two children come to the Nevada City high school by bus every school day. Twenty two of these are from North San Juan and ten from Indian Flat. In event of a slide between here and San Juan, it would seem imperative that the crew be rushed from North San Juan to repair whatever damage the winter storms bring in order that these children may not be handicapped by enforced absence. Sometimes there are slides, as last winter, on both sides of San Juan. In this event the road crew works on the slide that halts the most traffic. The heavy traffic on the Downieville road is this side of North San Juan. To place the crew at Downieville, it is contended, put a hardship unnecessarily on the residents of that portion of the highway where traffic is heaviest.

Moreover the portions of the highway which are most subject to winter slides and obstructions are on both sides of North San Juan and much nearer to it than to Downieville.

CAR PURCHASES NOW FINANCED BY BANK OF AMERICA

Announcement of a new credit plan for financing the purchase of new and used automobiles on a low cost basis was made today by L. M. Giannini, President of Bank of America.

The most novel innovation of the plan is the provision for the issuance of a letter of credit to the prospective automobile purchaser, entitling him to shop for his car as a cash buyer.

"The principles of automobile financing are now sufficiently well established to permit conservative banks to make this service a part of their regular credit facilities," said Giannini.

"We feel that the financing of automobile purchases offers a safe field for the employment of loanable bank funds, and that the credit of the automobile buyer who deals on an installment basis has been established by his financial record in this state.

"Believing that the public is entitled to the best possible service and most liberal terms of credit in financing automobile purchases, we are making our Automobile Letter of Credit Plan available to customers and non-customers at all the 425 branches of our bank.

"We anticipate that the public will be prompt in accepting this new low-cost means of financing the purchase of automobiles, and that sales of cars throughout California will be stimulated accodingly."

Details of the bank's Automobile Letter of Credit Plan were explained by E. M. Rector, Manager of the Nevada City Branch of Bank of America.

"The procedure of this new type of financing is simple," he said. "A prospective purchaser of a new or used car applies at any of our branches for the Automobile Letter of Credit. Knowing the approximate value of the car he plans to trade in, or the amount of the down-payment he wishes to make, it is merely a matter of arithmetic to determine the balance necessary to obtain the car he desires.

"An Automobile Letter of Credit is issued for the amount necessary to complete the purchase. This Letter of Credit is in the hands of the purchaser when he selects his car, and permits him to deal as a cash buyer.

"The bank pays the dealer cash for the net balance due him and the buyer then repays the bank in monthly installments, on a cost basis computed on extremely favorable terms. As he makes the purchase with the status of a cash buyer, he need make his credit information available only to the bank.

"Our new Automobile Letter of Credit Plan already has been announced to the personnel of all the branches of Bank of America and has met with an enthusiastic response."

VICTIM OF MINE BLAST BURIED

William Usrey, Nevada City miner who died at the Jones Memorial Hospital Tuesday morning, was the father of eight children. Usrey drilled into a missed hole at the Zeibright mine last Sunday afternoon and the injuries received in the blast caused his death.

The deceased miner leaves a widow, Mrs. Katherine Usrey, four sons, Frank, William, Donald and Phillip, and four daughters, Juanita, Davis, Millie, and Sarah. He was a native of Terre Haute, Indiana and had been in Nevada City with his family, only three months. The body was taken in charge by Coroner L. R. Jefford, and funeral services will be held this afternoon.

NIMROD STREET WILL BE PAVED TO SILVA AVE.

City Superintendent of Street H. H. Hallett, who with a crew have completed paving Park Avenue, moved equipment to Nimrod street on Tuesday. Pavement is to be laid to the junction of Silva avenue, or over more than half of Nimrod street. This will give a paved surface to the street in front of the municipal pool.

The city council plans to pave as much as possible during the hot weather and will move from Nimrod to Clay, Nile and Adams streets on Prospect Hill. If time permits they will also pave Grove and Winter streets.

The Will To Do

There was a turbulent river
That surged through its rocky bed,
Grim canyon walls beside it
And a strip of sky o'er head;

And one who stood beside it
Whispered these words to me,
"As it was in the beginning,
So forever shall it be."

But I diverted the current—
I severed its hoary bands
And led it, serene and shriven
To arid and pleading lands.

There was a wrong I hated—
An ancient and mildewed blight,
And one said, "hush, be patient;
Whatever is, is right."

But out of my dreams and longings
I fashioned a pathway new;
For It Is and It Was are phantoms,
But I am The Will To Do.

—A. MERRIAM CONNER.

VALLEY ELECTRIC MOTOR WORKS IS INCORPORATED

It will be of interest to the people of Nevada City and Grass Valley and the mining district in general, to learn that the Valley Electric Motor Works of Nevada City, operated by Mr. A. J. Adams, has been formed into a corporation under the laws of California and will be known as the Valley Electric Motor Works Incorporated.

The officers and directors of the new company are: A. J. Adams, president and general manager; W. H. Daniels, secretary-treasurer; Orland McCraney, vice president, with W. E. Wright of Nevada City as attorney for the corporation. The corporation is capitalized at $7500 and permission has been granted by the division of corporations, to issue stock, at once, to the value of $3,000 and the remaining $4500 will be retained in the treasury for future expansion of the business. The stock will be issued at the par value of one dollar per share and it is anticipated that the greater part of the issue will be placed locally as several requests have already been made for substantial amounts.

The business was originated by Mr. Adams in Nevada City about six months ago. It has already developed and increased to the point where enlarged facilities were absolutely necessary to the business. The formation of this corporation makes the employment of these facilities possible and enables the corporation to render prompt efficient service with the highest type of mechanical work.

It has been decided to enlarge the facilities for business generally and with this in mind the corporation has purchased a large block of land just outside the city limits of Nevada City on the Tahoe-Ukiah highway and a substantial building will be erected as quickly as possible. A part of the building will be arranged for electric motor rebuilding and new machinery will be installed and baking ovens will be erected to equip the business so that factory class work can be accomplished. Another part of the building will be given over to a modern up-to-the-minute machine shop and all classes of work will be solicited. A very capable man has been engaged for this department. The remaining part of the building will be given over to the building and re-building of new and used mining and other machinery. The combination of these departments into one business, it is felt will fill a very decided need in this community.

L. B. Davis, formerly of Oakland will have charge of the office and accounting and will install a system of modern methods in caring for the incoming and outgoing business.

One of the novel features of the new business will be that all employees will be stockholders and will profit in the development and the growth of the business.

It is the plan of the company to further expand the business at an early date, to the extent of establishing branch offices in different localities in this and adjoining states and train the young men in the main shop here to later handle the branches and the business in such connections.

Annual Flower Show To Be Brilliant Affair

The annual flower show, sponsored and directed by the Women's Civic club, will take place next Wednesday afternoon and evening in Armory Hall. The show this year promises unusual brilliance. There is a great abundance of flowers in the gardents now and a large increase in the number of individual tables and exhibitors is expected. Among the new exhibitors this year will be tables displayed by the Boy Scouts and the Campfire Girls.

Committees in charge consist of:

Arrangements: Mrs. George Gildersleeve, chairman, Mrs. A. M. Hoge, Mrs. Walter Hawkins, Mrs. W. C. Evans, Mrs. E. M. Lewis, and Mrs. P. C. Goldsmith.

Door and admissions: Mrs. W. I. Holland, Mrs. J. M. Foley, Mrs. E. Schreiber, Mrs. A. Locklin.

Tables and arrangement: Mrs. Robert Nye, Mrs. George Calanan, Mrs. C. R. Murchie.

Program: Mrs. H. E. Kjorlie, Mrs. R. E. Harris.

Design: Mrs. C. E. Parsons, Mrs. George Gildersleeve, Mrs. H. S. Foreman, Mrs. F. Farmer, Mrs. R. A. Goyne, Mrs. R. J. Bennetts, Mrs. W. C. Austin.

Special features: Mrs. H. E. Kjorlie, Mrs. Leland Smith.

Mrs. George Gildersleeve, president of the Women's Civic Club and general chairman of the Flower Show, scheduled for Wednesday, September 11, requests that everyone with choice flowers make a display.

She has had a most artistic floor plan made for the exhibits in Armory Hall. The arrangement will make a beautiful display effect. A fountain is to be placed in the center of the hall and if possible varicolored floodlights are to be arranged for a beautiful lighting scheme.

CITY COUNCIL HOLDS REGULAR MEETING

The Nevada City Council held their regular monthly session last night. Councilman Hall, Penrose, Kopp, Murchie and City Clerk Calanan were present. Discussion was held in regard to paving the street program. Sidewalk paving and repair was also discussed.

The following bills were ordered paid:

Frank Wright, $95; Garfield Robson, $135; Geo. H. Calanan, $20; H. W. Brown, $75; Dr. E. M. Rosener, $40; Mrs. Foley, $12.50; Miles P. Coughlan, $12.50; H. S. Hallett, $125; Chas. Sharp, 57.50; Nevada Irrigation Dist., $542.40; Pac. Gas and Electric Co., $221.47; Chamber of Commerce, $15; G. H. Clelland, $7.50; W. S. Williamson, $19.75; Standard Oil Co., $8.51; Plaza Super Service Station, $18.37; Nevada City Garage, $17.78; J. W. Shebley, $4.45; Chas. Thomas, $112; Max Solaro, $112; Clarence Martz, $16; Addison Janes, $87.50; E. J. Mooney, $100; B. P. Robinson, $2; Calif. Corrugated Co., $37.44; Calif. State Auto Assn., $6.68; C. I. T. Corporation, $188.84; Pac. Coast Aggregates Co., $167.27; Ed Phillips, $8; Alpha Stores Ltd., $241.80; County of Nevada, $150; G. O. Mill, 50 cents; R. E. Harris, $3.35; Union Pub. Co., $8.50; R. E. Norton, $3.75; Western Union, $1.26; Nevada City Nugget, $49.63; Ed. Christensen, $13.50; Miners Foundry, $12.39; Alpha Stores, $40.08; George Casci, $105.50; Austin Wastarn Mar. Co., $4.29; Webb Motors, 82 cents; Gorden Bettles, $144; Sam Trevethick, $19.50; R. C. Rogers, $2.50; Alfred Haddy, $17.50; Wm. Haddy, $37.50; Geo. W. Gildersleeve, $8.50; Walter Nivens, $105.50; Chemical Equip. Corp., $36.05; Atlas Blue Print Co., $3.12.

Howard Penrose, $38.07; Geo. W. Gildersleeve, $3.50; Chas. Sharp, $57.50; E. S. Dudley, $25; Pac. Gas and Elec. Co., $4.26; S. W Shebley, $1.26.

NEVADA CITY MAN INVENTS NEW GAME

A brand new game, invented by O. C. Knight of this city, is being developed by him, with the expectation that in time he will be able to manufacture it commercially. The game is called Quoro and is based mainly on Aladin's Lamp in the Arabian Nights tales. It is understood that he has progressed so far that he is looking around for a factory site.

Drifting and stoping continue in the Pennsylvania mine, the newly developed are making a fine showing. This property, owned by the Newmont Interests, adjoins the North Star-Empire properties in the Grass Valley area. William Jeffrey of Nevada City is superintendent.

FISH AND GAME PLANT TROUT IN NEVADA CO.

The Fish and Game Commission has planted 1,500,000 fish in Nevada County in the last two weeks finishing their work Thursday. In the Bowman dam watershed 700,000 fish were planted. Work of planting 1,500,000 in Placer county started today.

The Fish and Game Commission are doing all work this year with their men and equipment. Earl I. Hiscox, fish and game warden, of Nevada City, is being assisted by A. H. Willard of the commission.

This year was an unusual one, as the fish were the largest ever planted, averaging from three to four inches in length. The largest fish planted this year were from the Yuba Hatchery on the North Yuba River above Camptonville, many of them being five inches long. The majority of the fish are Eastern Brook and Rainbow trout. The Yuba river water seems adapted to the rearing of the two varieties.

The commission has planted 850,000 fish from the Yuba hatchery this year in Nevada and Sierra counties, the balance coming from the Mt. Shasta hatchery. The trout fingerlings brought from the Mt. Shasta hatchery are carried in specially constructed trucks. There are no stops, drivers changing every few hours until the baby fish have reached Emigrant Gap from where they are distributed.

JAMBOREE SCOUTS ALL ARRIVE SAFELY HOME

The "Jamboree" troop of Tahoe Council Scouts arrived per schedule, Saturday morning in Roseville at 7:15, welcomed by several hundred parents and friends, somewhat tired but glad to get home after eighteen days of continuous exciting sightseeing. After family "welcomes" were over the scouts were taken to breakfast on the lawn of F. R. Chilton's home in Roseville, where a delightful "Mothers" meal, the first in eighteen days, was served, by Scout Mothers. Here we were welcomed home by Commissioner W. H. Seaver, G. W. Brundage, Jamboree Committee Chairman, was presented with a small bronze statue of a Scout by the Jamboree Troop in appreciation of the great amount of work he had done in connection with this trip. Chief Ricksecker was presented a personal written token of esteem, signed by each member of the troop.

At an early date the group will gather again to trade pictures and to see the movies taken on the trip.

TO INSPECT AUDIOMETER

The P. T. A. of the Washington grammar school is holding its first meeting this afternoon in the sewing room at two o'clock. Mrs. Isobel Heffelfinger, county health nurse, is to explain the audiometer that is to be used in testing the hearing of Nevada county school children.

Huey's Death Warrant

(Contributed)

Few Californians have cared very much about the antics of Huey Long up to now. In an impersonal way some of us were a little outraged that dictatorship, pure and simple, could flourish in Louisiana, one of the United States. But that did not limit our personal liberty, or take swindle-money out of our pockets, or bring any shame on our state.

Now, however, it is a different story. California, along with numerous other states, is going to suffer a direct out-of-the-pocket loss because Huey filibustered to death the third deficiency bill in the closing hours of Congress.

Controller Ray L. Riley has announced that old age pensions in California for 1935-37 will cost the state $16,885,000, or three million more than if the third federal deficiency bill had passed. It provided appropriations to carry out the national Social Security Act.

Huey's unpopularity out here will be of a different sort from now on. Where once we were exasperated only faintly and often quite thoroughly amused by his grotesque capers, we now feel him to be our enemy. And likewise we may now come to realize that the United States Senate, the only deliberative body on the face of the earth in which this could have happened, must revise its rules to end filibustering.

But as for Huey—well, he has signed his own death-warrant.

Perhaps it was worth three millions!

BIG JIM MINE

A ledge of good ore was encountered in recent development operations in the Big Jim mine near Graniteville. According to reports the company is to install at 20 ton ball mill and concentrator and later on a flotation system. The company has re-named the Jim mine the Big Jim. C. G. Columbus is superintendent. It is understood Los Angeles capital is developing the property which from present indications will be one of Nevada County's new big producers.

LODI TO STAGE WINE FESTIVAL

LODI, Sept. 5.—Come to Lodi for the second annual Grape and Wine Festival September 13, 14 and 15!

This was the invitation broadcast today from the entire Lodi district, home of the Flame Today grape and one of California's greatest wine producing centers.

Joined with the city of Lodi in the role of host will be the communities of Acampo, Woodbridge, Victor, Lockeford, Clements, Youngstown, and all the residents of the extensive farm lands of the district. Together they will provide three days of entertainment, days filled with parades, pageants, sports events, music, dancing and visits to the vineyards and wineries.

Staged last year to mark the revival of California's vast grape and wine industry, the first festival at Lodi was attended by more than 100,000 visitors. This year's attendance is expected to be well above that figure, and plans are being completed to make the celebration an outstanding event in the list of California's 1935 attractions.

As the home of the Tokay grape, the Lodi district is one of the most intensely cultivated vineyard sections of the world, it was pointed out. The produce of the Tokay vine, along with many other varities grown in Northern San Joaquin county, together with an abundance of fruits of all kinds, will be displayed in prize exhibits at the festival.

Boasting the largest winery in the world and the largest number of wineries in any comparable area, the Lodi district is playing a leading part in the reconstruction of the wine industry of California, one that formerly centered world-wide attention on the vineyards of this state and that now gives promise of new and greater achievements.

PRESCOTT HILL MINE

Twenty men are employed in running two drifts on the 750 and 1200 foot levels, in the Prescott Hill property, not far from the North Star-Empire Mine at Grass Valley. This property is owned by the Newmont Interests who have made rapid strides in reopening and development in the last few months.

NEW HOME TO BE BUILT

Louis Ponserio, who purchased the Cooper property to the south of Gold Run bridge in this city several months ago, is having a four room modern home built on a part of the lot. Mr. Ponserio will live in the new house and rent the other one.

SAN JUAN MINE

Twelve men are employed under Superintendent Ray Butterfield in the San Juan mine near Sweetland. Sinking is progressing in a winze on the 200 foot level and several men are stopping ore in a raise. Some machinery is being installed, a part of the new eequipment beipg two pumps which are to replace the old ones. Ore is being hauled to the Nevada County narrow gauge railroad in Nevada City at the rate of about 500 tons per month, with a Ford V8 truck, and shipped to Seattle.

SAN JUAN MERCHANT MAKES IMPROVEMENT

Lewis Woods, enterprising merchant and butcher of North San Juan has made some outstanding improvements on his property this last month.

Exterior work included a new front porch, roof and railings and the whole was given an attractive coat of paint.

The interior of the store has been arranged so that Mr. Woods is capable of keeping an hond at all times the best cut of meats, the freshest vegetables, an unusually wide variety of canned goods, besides an excellent assortment of pies, cakes and rolls.

The large garage across the street has been cleared so that cars may be safely stored for the night or by the week and there is a complete line of Shell gasoline and oils.

The folks on the Ridge believe Mr. Woods is to be heartily commended for his splendid effort in keeping up the appearance of his property The labor and material thus expended means that at least two other men were given a few days labor. This spirit coupled with the good service, which is always given at this place of business is a valuable asset to North San Juan.

BIG CAMP STEW IS HIT AT WASHINGTON

Fully 300 persons enjoyed the big camp stew and warm hospitality at the home coming at Washington last Sunday. All report a fine time and an abundance of the delicious stew. Many former residents were present among them being a teacher, Joseph Bernard of Grass Valley, who taught the Washington school four terms forty years ago. He was lost until he found Mr. Henry Kohler, who recognized him and they had a happy time remniscing. During the evening dancing was indulged in and lasted until the early morning hours Monday.

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, Sept. 3.—Bill Pike, well known merchant of La Porte was in town Friday on a short business visit.

Traffic Officer A. J. Ponta is back again after a three weeks vacation. He reports that his trip to Oregon and good fishing was much more pleasurable than chasing reckless drivers on these mountain grades.

R. C. Zaring motored to Nevada City Friday on a short business visit.

Miss Sussette Dorrenberger, teacher in the Nevada City schools arrived Friday to spend the week end at the Joubert home at Oak Valley.

Bob Phillips and his son, Bob, of Modesto arrived Satprday to spend the week end at his old home here.

Mr. and Mrs. William A. Lang motored to Marysville Saturday on a short business visit, continuing on to Sacramento.

Mrs. Guy C. Tabler and family returned to their home at the Fish Hatchert Friday for the week end.

Ed Fournier of Sierra City was in town Saturday on a short business visit.

A crew of men on the surveyors gang arrived Thursday to assist in preparing the new Rebel Ridge CCC camp.

Friends of Eddie Meltz and his orchestra are glad to learn that his tour over the western states this summer season is drawing to a close and it has been very successful.

Clarence Deal passed through Saturday from Grass Valley enroute to the Ruby Mine.

Barney Lusk of Downieville was in town Saturday on a short business visit.

Mrs. Louise Knickrem of Oakland arrived Friday and after a brief visit with her daughter Mrs. J. E. Pauly motored on the Mohawk.

FOREST FIRE TRUCK

CAMPTONVILLE, Sept. 3.—The Camptonville headquarters of the United States Forest Service received the second truck of their fire-fighting unit Saturday when Forest Rangen Frank W. Meggers and Patrolman M. Williamson motored to Nevada City and returned with a brand new Ford V-8 equipment truck, bright red, with a capacity tank of 250 gallons of water, a reel with 150 feet of hose, two portable water pumps, two axes, two McClouds, two shovels, and a pump in connection with the engine, which will force the water from the tank and at the same time pump water into the tank from a creek or other source of supply. Their other fire truck is a large red stake sides Chevrolet which is used by the fire suppression crew.

AIRPORT PLANNED FOR CAMPTONVILLE

CAMPTONVILLE, Sept. 4.—Plans are now under way for the establishment of an airport at this place. There is no place between Nevada City and Sierra Valley where an airplane could land and in as much as there is possibility of a commercial route being established in or near this vicinity, it is in order that a landing place be made either for convenience or necessity.

The old Tilton ground, a long clear level space on the mountain top, just across from the town is the site which with a little work would make an ideal landing field. The matter is being studied, and if the aviation officials favor the site, it is expected a government project will be made of it. It would not be a very expensive piece of work.

NEGLECTED CAMPFIRE RESULTS IN $25 FINE

CAMPTONVILLE, Sept. 3.—Howard C. Mertins, of Glendale, California, was arrested Monday afternoon near Freemans Crossing at the Oregon Creek camp, by Patrolman M. Williamson, on a charge of building a fire without a permit and going away without extinguishing it. He appeared in the local justice court, pleaded guilty, and was fined $25, by Judge Acton M. Cleveland.

MINING NEWS

MAYBERT MINE

Messrs. Ralph Wilson and McCleland of San Francisco will reopen the Maybert property in the Washing on district, south of the Mountain View mine. The plans call for installing machinery and starting work in thirty days. The mill on the property was burned about four years ago and the new company is to install a new one. There are about 860 acres in the Maybert property. D. R. White is caretaker.

DEINER PROPERTY

The Deiner property near Washington, which adjoins the Maybert ground is to be opened this fall. Plans have been made to install a 50 ton ball mill in the next two weeks. Messrs. Smith and Flynn, chief of police and deputy sheriff of Alameda county respectively, are opening this property. It is reported a six foot ledge, on the ground assayed $65 per ton.

Four men are employed in installing an 8-inch two-stage pump which will lift water to a considerable height for sluicing gravel. Hector Decalue of Oakland is in charge.

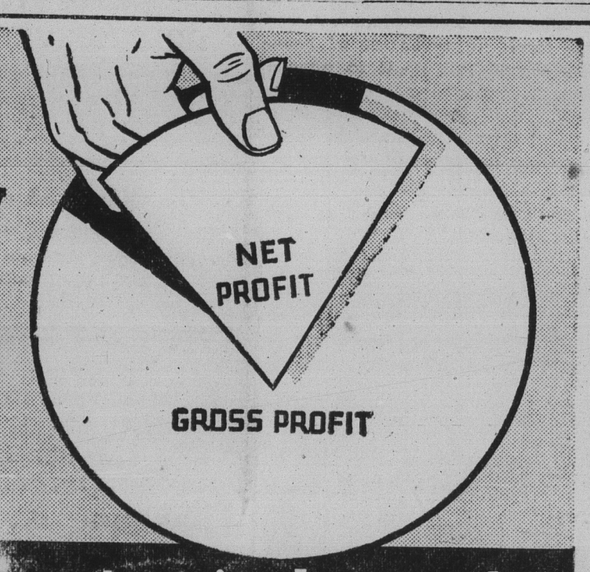
You gross more money with a FORD V-8 TRUCK



and a bigger percentage is clear profit

THE moment you buy it, the Ford V-8 truck begins to save you money, because it will do *more* work—haul more tons at less cost. Its notably low fixed costs and its marked economy of operation and maintenance combine to reduce ton-mile haulage costs. Its new forward load distribution permits carrying more pay-load *ahead* of the rear axle. This results in longer tire and brake life—less body and chassis strain—more room in the cab.
We are ready to prove the ability as well as the economy of the 80 h. p. Ford V-8 truck. We will furnish the truck—even the gas and oil. You test it with *your* loads on *your* routes with *your* driver and check the results. *There is no obligation. There are no strings to this offer*—your sound business judgment will be our reward.

STOUT ELEVEN TRAINS FOR N. C. HIGH BATTLES

(By BEN SWEENEY)

If Coach B. C. Barron of Nevada City high school knows anything about the fellows with whom he has worked in building a football squad, the team this season should be of a high calibre. According to Barron, practically every member of last year's squad, beside a number of new men, was in uniform at the first gridiron practice held last week. "With twenty eight men out on the first night, veteran players on the field, and an increase in weight over last year, we may look forward to a good year," the coach stated after viewing the boys in a workout.

The backfield is stronger this season than it was last year. Although it is hardly fair to mention any particular players this season, it is only natural to remember certain men who will form the backbone of the 1935-36 eleven. Elliott looks good at left end. He is tall and will make a first class pass-snatcher. Teamed with Steger, the two should do much toward making the Yellowjacket team a winner this season. At rifht guard, Doolittle is showing up well as is Stevens at quarterback. Younkin, reputed by some to be the fastest man on the outfit, has returned to put in another year with the local team. Fabian Joyal, fresh from a muscle building job in the north, will bear the heavy end of the puntingu From Sonora high school as a transfer student, comes Burgan, a half back. He looks good in this position and is expected to prove a valuable asset to the team. More names might be mentioned, but the season is in its infancy as yet, and many a player will blaze his name in newsprint before many weeks have passed.

September 28 has been set as the date of the first game. This encounter will either be with Oroville or Biggs, to be definitely set a bit later. The schedule of dates, yet to be received by Coach Barron, will include Auburn, Roseville, Grant Union, and the traditional two-game series with Grass Valley. The team, as in former years, is rated in B class, classification being determined by the size and weight of the players.

CARL MURCHIE IN U. C. BAND

Friends of Carl Murchie, former first trombone player in the Nevada City high school band, will be glad to learn that he has been accepted into the membership of the University of California band. Having played in the band at the College of the Pacific for two years, Carl entered California this semester and passing high tests was made a member of the band there.

In becoming a member of this organization, Murchie joins a high school classmate, Bill Jeffrey, who is beginning his third year as a baritone player in the U. C. band.

Nevada City high school is proud that it has a music department capable of turning out students who are acceptable in such a band as that wearing the Blue and Gold.

PREP GRID STAR IN APPLEQUIST'S SQUAD

"And when I have son, sir, I'll tell you what he'll do,
"He'll make the red coats run, sir, as his daddy used to do."
—College Song.

T. E. Stephens, mining engineer in charge of the German Bar on the Middle Yuba, has entered his son Carlos Stephens among Hack Applequist's rookies at Sacramento Junior College. Carlos made the All-California prep eleven last season at Auburn high. Mr. Stephens thinks that his son, a freshman this year, will get as much real training and education on the football team as he will in the academic courses.

Mr. Stephens himself was one of the Golden Bears in the class of 1904 and upheld the blue and gold against the Cardinals and other crack teams of that year in college. Young Stephens won his All-California prep standing as running guard, but is going in for half this year.

Miss Helen Arbogast, student at the College of the Pacific, Stockton, was a week end visitor at the home of her parents, Mr. and Mrs. C. S. Arbogast, of this city.

Mr. and Mrs. Robert Allen spent Saturday in Sacramento visiting with Mrs. Allen's brother, Charles Guenther, and Mrs. Guenther.

STUDENT BODY CARDS NOW $2

(By BEN SWEENEY)

At a student body meeting held Tuesday at the high school, two-dollar student body cards were definitely accepted by a majority of the students. This officially does away with the one-dollar card which had been used in past years at the high school.

The new card will admit its bearer to all the athletic games in which Nevada City high school is entered, to the three class parties, carry a twenty five cent admission at the local theatres, and will insure the bearer a subscription to the high school newspaper, the Searchlight. It will also mean that class dues will no longer be paid except in the case of the Senior class where more funds are necessary to carry on the class activities. The apportionment of the two dollar fee is as follows: Student body fund—.75; athletics, .50; class funds, .50; honor society, .15; band, .10. The students were easily shown the saving which this card will mean to them. The cards will be numbered according to activities included, and the numbers punched as the activities take place.

At the same student body meeting the idea of issuing a two dollar season athletic ticket for the convenience of the public was made official by student adoption. These tickets will be available at the high school next week. There are five home football games and eight home basketball games scheduled for the coming year. Formerly, citizens interested in the games have paid forty cents admission to each game. A two dollar ticket to cover all of these games should sell itself to anyone capable of doing elementary mathematics. The forty cent admission price will remain in effect for those who choose to pay at each game.

WANTED—Clean rags at the Nugget Office.

Before the temperature drops...

Get ready for Winter with GAS HEATING

THE SEASON will soon be here—of football and cold, brisk days, bringing with it the need for adequate house heating such as gas alone best gives. When you are chilled through and through, for your health's sake you need full bodied warmth from heat that gives you glowing comfort through and through.

End any chance of living in a house where the heating system does not completely satisfy. Investigate gas heating right now. Get the facts—all of them—cost, convenience, cleanliness of gas heating. And when these facts are known regarding the heating your home needs, you will make the same decision as thousands have done, that year in and year out gas heating gives more and costs less.

Now is the time to take action. You can buy and install modern gas heating equipment under a F. H. A. loan. The easy purchase terms will surprise you. Come in and let us help you select the equipment your home needs.

MARRIOTT BROTHERS OPEN LUNCH COUNTER

Elmer and Dick Marriott, brothers, are entering the Nevada City business district this week with the opening of the Pied Piper fountain lunch, in the building formerly occupied by the Nugget Cafe on the corner of Pine and Spring streets. They aim to give Nevada City the prices obtained in other cities, with the best of service and courtesy.

Both young men graduated from the Nevada City high school and were reared in this city where they have the well wishes of a wide circle of friends.

NEVADA THEATRE OFFERS FINE WEEK-END PROGRAM

A fine week end program is offered Nevada Theatre patrons, with the presentation of "Thunder in the East" with Charles Boyer, and Merle Oberon Friday night in picture portraying war between Japan and the United States, with thrilling action and espionage plots. Saturday night, the hilarious film "Don't Bet on Blondes" will be offered. This play is reported to be one of the most amusing pictures of the current season, and the story is based on the exploits of a big time gambler who reforms and enters the insurance business, and takes every risk offered him. Warren Williams and Claire Dodd are featured.

Sunday night Jackie Cooper will be featured in a lovable tale of life in a Military Academy. The picture is called "Dinky". The poignant griefs and pleasures of a small boy are portrayed accurately, between laughs and tears in "Dinky."

GERMAN MINE SOON TO RESUME OPERATIONS

The German mine, which has been shut down for a short time in order to make necessary changes will resume work about September 12, according to Engineer T. E. Stephens, superintendent. He states that one of the changes made is the adoption of English corduroy flow sheets and he hopes to show a high recovery percentage. The ore runs around $8 average per ton. Contracts have been let for 175 feet of drift and 650 feet of upraises. Mr. Stephens plans to block out enough ore for two years mill run. Fifteen men are normally employed there. Mr. Stephens gained wide mining experience in South America.

SUPERIOR COURT CALENDAR

Superior Judge Raglan Tuttle will hold court this morning and will handle one of the longest dockets ever to come before the court. Following are the cases to be heard.

Estate of J. B. Santaya, petition for letters of administration.

VOL. 1. SEPTEMBER 6, 1935. No. 22.

Three Heatilator Fireplace units delivered this week, one of them a large size for The Gables Inn. This will save fuel and give the utmost in fireplace efficiency.

Install this circulating heat unit in your fireplace and enjoy its cheerful warmth.

Roof repairs are in order at this season. Our stock of roll roofings, composition shingles of the famous Pabco line is complete. We also have in stock redwood and cedar shingles and sugar pine shakes. Prompt deliveries.

Contractor Howard Ross has just completed a remodeling job for Bill Cain at the auto court near the high school. It was a rush job and Howard kept us stepping on deliveries, but we were able to keep everyone happy.

The popularity of Celotex is growing steadily with their new finishes. One of the new types of finish is a non-glare white and another is a ripple finish. The reverse side of these boards are the old familiar rough textured Celotex.

It would pay you to see these boards before going ahead with your building.

Venetian mirror medicine cabinets are a fine addition to any bathroom and we will be glad to show you different styles. Bestile in colors is the modern treatment for bathrooms. Beautiful, lasting and "stands the gaff."

GOOSE AND GANDER

Boss: When you called up my wife and told her I would be detained at the office and would not be home until very late, what did she say?

Steno: She said: "Can I depend on that?"

Let Us Help Keep Your Food Budget Down

BY

(By Joe Wilhoite)

SAFEWAY GROCER

A lot of women here are finding out that the Safeway shopping plan actually saves them money. Not just when "specials" are on sale — but every day, at our regular low prices.

Isn't this daily economy worth investigating? Try our plan and judge for yourself. Here's the way to test:

For just one month, do all your food shopping at your Safeway grocer's. Make a daily record of what you spend. Then, after 30 days, add up your food bills. Compare this total with what you spent the month before.

On Airway Coffee, for example, you'll make a very real saving . . . and have as fine a breakfast coffee as you could wish for.

Don't put off this shopping test. Start it right away. We believe you'll find it the easiest, soundest way to keep your food budget down—week after week.

FRUIT JARS Kerr Regular, Quarts, Dozen 79c

BREAD Economy, White or Wheat. Pound 9c

TOMATOES With Puree 3 No. 2½ Cans 25c

DAILY EXPOSITION OF

Garden-Fresh PRODUCE!

This is just what you'll find at your Safeway grocer's—a veritable exposition of the finest fruits and vegetables, every day!

Great, ruddy vine-ripened tomatoes . . . crisp, solid heads of choice lettuce . . . and a full assortment of the most luscious fruits.

Nowhere else do you get produce any more delectable than ours, truly garden-fresh, truly flavorful . . . or at such attractive low prices. Let us prove it.

HIGH CLASSES ELECT OFFICERS

During the noon period on last Wednesday, members of an enthusiastic student body at Nevada City high school cast their votes for candidates in the election of class officers. Nominations earlier in the week brought a number of students into the limelight of class activity, and it was difficult to select any particular students for the offices. Results of the election were as follows:

Senior class president, Bill Polkinghorn; vice-president, Roberta Watters; secretary, Cecelia Woods; treasurer, Fern McClure.

Junior class president, John Harding; vice-president, Dick Tuttle; secretary, Verne Deschwanden; treasurer, Catherine Stevens.

Sophomore class president, Rex Robinson; vice-president, William Molthen; secretary, Gerald Coks, treasurer, Helen Davidson.

Freshman class president, Evelyn Lotz; vice-president, Bill Carter; secretary, Ainsley Foyer; treasurer, Thelma Meampe.

The class advisors, selected earlier in the week, are as follows: Senior, Miss Tremaine; junior, B. C. Barron; sophomore, L. E. Sweeney; freshmen, Miss Jones.

With the annual Freshman-Sophomore Bowl to be held this afternoon, a week of intense class activity will reach a climax. The two classes will meet on the field of battle in a series of events at two p. m. The other members of the student body will be excused from classes at that time so that they may witness the affray. The public is invited to attend this traditional affair, as in former years.

In the evening at the high school, the annual class dance will be held. This is given for the members of the student-body and their parents and finishes the period of "introduction" tended the beginning class.
